

2010 CENSUS: IT'S IN OUR HANDS

What Faith-Based Organizations Need to Know

In 2010, the U.S. census will define who we are as a nation. Taken every 10 years, the census affects political representation and directs the allocation of billions of dollars in government funding. As a faith-based organization, you are dedicated to serving the best interests of your community. Many community members—including those who are isolated by language or geography—look to their faith-based leaders as trusted sources of information. You can partner with the U.S. Census Bureau to convey the importance of participating in the next census and to ensure no one is left uncounted. **Achieving a complete and accurate 2010 Census is in our hands.**

The Census: A Snapshot

- ▲ The U.S. Constitution requires a national census once every 10 years.
- ▲ The census is a count of everyone residing in the United States: in all 50 states, Washington, D.C., Puerto Rico, U.S. Virgin Islands, Guam, the Commonwealth of the Northern Mariana Islands, and American Samoa. This includes people of all ages, races, ethnic groups, both citizens and non-citizens.
- ▲ The 2010 Census will create hundreds of thousands of temporary jobs across the nation.

It's in Our Hands: Your Participation in the 2010 Census Matters

- ▲ Every year, more than \$300 billion in federal funds are awarded to states and communities based on census data. That's more than \$3 trillion over a 10-year period.
- ▲ Census data help faith-based groups plan for new buildings and programs and guide local decision-makers in important community planning efforts, including where to build new roads, hospitals and schools.
- ▲ Census data affect your voice in Congress by determining how many seats each state will have in the U.S. House of Representatives.

Completing the 2010 Census Questionnaire: Simple and Safe

- ▲ The 2010 Census questionnaire asks only a few simple questions of each person—name, relationship, gender, age and date of birth, race, and whether the respondent owns or rents his or her home. This simple, short questionnaire takes just a few minutes to complete and return by mail.
- ▲ The Census Bureau does not release or share information that identifies individual respondents or their household for 72 years.
