Date:

Dear Property Owner:

RE: Annual Backflow Preventer Compliance

Property:

Our office records indicate that the above referenced property has a Testable Backflow Prevention device. As per UCC 5:23-2.23(1)4, these devices are required to be certified annually.

At this time, please arrange to have your backflow preventer(s) retested by an individual certified under ASSE-5000. Once the testing is complete, please submit the test results along with the Testable Backflow Device Application and payment to the Construction Office. After the results have been processed by the Technical Assistant, a receipt will be emailed to you showing compliance for one year.

Please note that if the backflow preventer(s) does not pass the test and the unit must be replaced, a separate Plumbing Permit will be required.

Sincerely,

Frank Lukacs
