Township News

October is National Breast Cancer Awareness Month

October is National Breast Cancer Awareness Month, which is an annual campaign to increase awareness of this disease, encourage early detection, and support research to find a cure. While we have seen an increase in mammography rates and a decline in deaths there is more to be done.

October 23-31 is Red Ribbon Week

New Jersey has the 6th highest rate of fatal youth drug overdoses in the country. 15 percent of New Jersey teens admit to drinking alcohol for the first time before age 13, compared to 19 percent of teens nationally. 39 percent of teens, ages 12-17, in New Jersey admitted to smoking marijuana at least once daily. The availability

of relatively inexpensive and highly pure heroin in New Jersey has contributed to an increased number of drug-related deaths.

[Bentley's Jewelers Celebrates Ribbon Cutting for New Location](#)

A special thank you to the two Rutgers Environmental Stewards who designed the rain garden, Gretchen Rotondo and Amy Miller, as part of their Environmental Steward project.

Department Updates

Building Department

Q: I've applied for a permit. How and when will I be notified when it is ready?

A: If you or your contractor have applied for a permit application with the Building Department, you will be notified when the application has been approved and is pending payment. Payment has to be made in order for the permit to become active. If the permit gets voided due to nonpayment, you will have to resubmit a new permit application. When taking out a Building Permit, please remember the Permit will remain open until all Final Inspections have been passed. Don't let open, unfiled, or unpaid permits hold you up if you plan on selling your home or business!

Engineering Department

Grant Money to Help Reduce Township's

The Engineering Department strives to save road paving dollars for the Township. The Engineering Department recently applied for 2019 New Jersey Department of Transportation local aid grant. Most grants awarded to a Township are for complete streets which are roadways with all means of transportation such as cars, bikes, and pedestrians. The Township Engineering Department has obtained grants for the Township most years which reduces the cost to local tax papers.

Cost of Road Paving

This year the Engineering Department submitted to NJDOT for a section of Willow Road between Amwell Road & Valinor Road as Phase 1. The balance of Willow Road will be additional phases in future years. Breaking the project into phases maximizes the amount of funding because the NJDOT will only pay up to approximately \$500,000.00 and phase 1 was estimated at approximately \$543,195.00. If awarded the actual road paving will not take place until Fall of 2019 or Spring of 2020 since the NJDOT awards are not granted till summer of 2019. The plans and specifications must be prepared and the project must be public bidded by the Township.

Finance Department

The final tax bills have been mailed. For those property owners who were eligible the 4th quarter reflects the additional homestead benefit. If you have not received your tax bill please contact the Finance office and they will be happy to send you a copy.

Health Department

The Health Department has created a family emergency health plan using our [Family Emergency Health Information Form](#). Make sure your family has up to date vaccinations and that a copy of the vaccination records are stapled to your medical information cards.

Also, the Hillsborough Health Department is still offering a limited number of FREE radon test kits to Hillsborough Township residents. Homeowners may contact Michael Carr at (908) 369-5652 with any questions. Interested residents can obtain a kit at the Health Department Monday-Friday between 9:00 am and 4:00 pm.
