Sustainable Tips of the Week:

Tip #1: Reusing items like clothes, tools, furniture and other homewares is an easy and effective method of reducing waste and saving money. Check out the DEP Bureau of Sustainability's May Infographic for tips on how to reuse and repair goods so you can keep these items out of landfills and money in your pocket! For more information, check out the [DEP's Source Reduction resource page.](#)

Tip #2: Idling your vehicle wastes money & puts pollution into the air. So when you support local businesses that offer curbside pickup, please shut off engine when waiting for more than three minutes.

A FRIENDLY REMINDER:

TURN OFF YOUR ENGINE

When waiting for curbside pickup, or to enter a store, turn off your vehicle's engine. Idling is **ILLEGAL** in NJ, and can cost you money!

Hey Hillsborough! Since May is Mental Health Awareness Month, it's the perfect time to let you know about some important changes to BoroSAFE. In addition to educating everyone about suicide awareness and prevention, we are expanding our focus to encompass the whole continuum of mental health issues.

NEW
Our Mission:
 BoroSAFE is a community collaborative with an aim to provide access to mental health resources, emotional well-being best practices, and suicide prevention resources across the entire Hillsborough Community.

Our Goal:
 To proactively connect our community with resources so that we can all care for our emotional well-being, no matter where on the mental health continuum we may fall.

Please look for us at future events in the surrounding community! We will be able to provide you with many resources and information! Website resources: Coming soon.

RECOVERED	178	NA	NA	NA	NA

Breakdown of Hillsborough Township Cases As Reported by Hillsborough Township Health Department

Daily Case Count

Positive Hillsborough Township Cases by Age Range

Deceased by Age Range

Disclaimer:

Please be advised that the numbers posted below and on the Township website are those that are reported by Hillsborough Township Health Department based on reports from the NJ Department of Health surveillance system. The reported numbers are only from those individuals who have been tested for COVID-19 and are confirmed positive through an FDA approved laboratory for COVID-19 testing purpose. It does not include those contacts of the positive individuals or any individuals, who are sick and have not been tested.

Hillsborough Long Term Care/Assisted Living Facilities

* Confirmed cases and confirmed deceased from Long Term Care and Assisted Living Facilities may not also be included in the total number of cases above.

The number of cases from the above section by age and deceased cannot be added to the Long Term Care and Assisted Living Facilities confirmed cases and confirmed deceased to get a total case count and a total deceased count. The reason for this is that there are different reporting mechanisms in place capturing that data. The NJ Department of Health surveillance system obtains reports from State run labs. The Long Term Care and Assisted Living Facilities utilize many different labs, State, out-of-state and private, therefore, their numbers are not completely reflected in the total Hillsborough numbers from the State system at this time. That withstanding, you cannot simply add the two sets of numbers either to get a total case count, as some of the LTC/ALF numbers are counted in the State system.

If you are a Hillsborough resident and have tested positive for Coronavirus / COVID-19, please contact the Health Department at 908-369-5652.

The Hillsborough Township Health Department continues to monitor all cases and is

working with the State to identify any potential contacts for follow-up. A representative from the Hillsborough Township Health Department will reach out to all individuals determined to have been in close contact with the positive testing persons within 24-48 hours of each case being confirmed.
