## Township Honors Eagle Scout Shreyas Murali

Shreyas Murali, a Senior at Hillsborough High School and a member of Boy Scout Troop 489, has recently earned the status of Eagle Scout.

Shreyas's Eagle Scout Project consisted of building a Buddy Bench at Hillsborough Elementary School. The bench is intended to combat bullying by providing a place to meet new friends and accept others and carries the inscription, "If you can be anything, be kind". In addition to the construction of the bench, an area was prepared and landscaped to house the bench. The overall project resulted in 142 hours of labor and the assistance of 14 people.

Shreyas served as Patrol Leader, Quartermaster, Troop Quartermaster, Librarian and Philmont Trek Crew Reporter. He participates in the Hillsborough High School Marching Band, Sax Quartet, Jazz Ensemble and the Grand Staff Ensemble. He is President of the German Honor Society, a member of the National Honor Society and Tri-M Music Honors Society. He is also involved in the Hillsborough UNICEF Club and Band Council.

Coldwell Banker generously donated food items and gift cards to the C.A.N., and then donated their time to help assemble the donations into packages to be given to people needing assistance.

## Department Updates

### Building Department

*Construction Season is Here*

Now that the weather is getting warmer, construction season is here. The Building Department recommends residents do research before choosing a contractor. It is important to know the contractor you're hiring is licensed, has knowledge of NJ Construction Code, is familiar with the permit & inspection procedures, has a good reputation (check with the Better Business Bureau or online reviews), charges fair rates, and performs quality work. [NJ.COM](http://NJ.COM) recently published a very insightful article giving tips on what to look for when searching for contractors and how to choose the right one for you.

### Engineering

*Property owners are responsible for maintenance and upkeep of their storm water facilities*

The Engineering Department reminds property owners (mainly businesses and homeowner associations) that they are responsible for maintenance and upkeep of their storm water facilities (i.e. detention basins, catch basins, piping etc.) Lack of maintenance will cause additional flooding to adjoining properties. In addition, per Township Ordinance, all property owners with private storm water facilities are required to submit a report to the Engineering Department each year certifying that storm water facilities are maintained and operating as designed.

## Finance

### *Homestead Benefits Credited to May Tax Payments*

## Health

### *April is Sexually Transmitted Disease Awareness Month*

The numbers of new Sexually Transmitted Disease cases in the US increases each year. Half of all 20 million newly diagnosed STD infections are in people ages 15 to 24. If left untreated, these diseases can cause infertility, as well as other serious health problems. One kind of STD, Human Papilloma Virus (HPV) can cause cancer, but it can now be prevented by vaccinating adolescents. Information about this vaccination is on the Hillsborough Health Department website. Many of these diseases can be cured or treated and all it takes is GETTING YOURSELF TESTED. The Centers for Disease Control Recommends regular testing by risk level for early detection, and you can read more about it at the CDC link on the Hillsborough Website under "Health" and "Disease Prevention". You can be tested at your physician's office, or at Zufall Health in Somerville, or other locations in New Jersey. You can see the link to these sources on the Health Department Website.

April is also Sexual Assault Awareness Month. The Health Department would like to recognize Zufall Health in Somerville for their Sexual Assault Prevention and Recovery Services, Counseling Services, and survivor accompaniment to the police station, hospital, court. Zufall's Confidential Hotline: 908-526-7444

## Library

### Somerset County Library System Seeks Input on New Strategic Plan

SCLSNJ's planning process relies on gathering lots of community feedback, and an important way they will gather that feedback is through a series of community conversations. They will be pulling together small groups of people to talk about what their hopes and aspirations are for their communities, and will be looking for the ways the Library can help make a difference in creating the kind of place in which our residents want to live.

In order to gather feedback, SCLSNJ will be holding community conversations to help them deepen their understanding of the community and are currently looking for 20-25 Hillsborough residents to take part.

If you are interested in participating in a community conversation, please fill out this [online form](#) to submit your contact information.

**CarFit checks help older drivers stay safe**

RideWise recently began offering one-on-one CarFit sessions, by appointment, for older drivers. CarFit, a national educational program created by AAA, AARP and the American Occupational Therapy Association (AOTA), offers older adults the opportunity to check how well their personal vehicles "fit" them. Personal mobility is critical for healthy aging. However, as the body changes with age, ill-fitting vehicles can make it uncomfortable and unsafe to drive. All employees at RideWise are trained to conduct a 12-point CarFit check to ensure older drivers "fit" their vehicle properly for

maximum safety and comfort. The CarFit check takes approximately 20-30 minutes to complete. CarFit checks are done by appointment only and can be scheduled by calling (908) 704-1011 or by [emailing staff@ridewise.org](mailto:staff@ridewise.org)
