Comments or Suggestions:

Name/Area: _____

**Hillsborough Township
Deer Management Program
General Wildlife Observation Survey**

In order to carry out effective future decision making and management, the Hillsborough Township Wildlife Management Commission is looking for your assistance in their goal of inventorying other wildlife/game species other than deer which you might encounter during your time in the field. With this in mind, please find below a general listing of wildlife/game species which are or have been found in Hillsborough Township in the recent past.

Please indicate with a check in the “Observed?” column if the species was observed. Indicate the least and the greatest number of each species observed at one time in the appropriate column.

Common Name	Observed?	Least # Observed	Most # Observed
American Woodcock			
Ring-Necked Pheasant			
Bobwhite Quail			
Wild Turkey			
Cottontail Rabbit			
Red Fox			
Gray Fox			
Raccoon			
Black Bear			
Bald Eagle			
Other
