**Hillsborough Township  
Deer Management Program  
General Wildlife Observation Survey**

In order to carry out effective future decision making and management, the Hillsborough Township Wildlife Management Commission is looking for your assistance in their goal of inventorying other wildlife/game species other than deer which you might encounter during your time in the field. With this in mind, please find below a general listing of wildlife/game species which are or have been found in Hillsborough Township in the recent past.

Please indicate with a check in the “Observed?” column if the species was observed. Indicate the least and the greatest number of each species observed at one time in the appropriate column.

<b>Common Name</b>	<b>Observed?</b>	<b>Least # Observed</b>	<b>Most # Observed</b>
American Woodcock			
Ring-Necked Pheasant			
Bobwhite Quail			
Wild Turkey			
Cottontail Rabbit			
Red Fox			
Gray Fox			

Raccoon			
Black Bear			
Bald Eagle
