### **Township Introduces 2018 Municipal Budget: Tax Rate Reduced and Under the 2% Cap for the 8th Consecutive Year – No Exceptions Taken – Resulting in \$157,743 Taxpayer Savings**

Hillsborough Township introduced the 2018 municipal budget at Tuesday's Township Committee meeting, which, for the 8th consecutive year, came in under the 2% levy cap.

The Township continues the "Pay As You Go Program" for routine capital purchases and further makes payments on debt service greater than what is required, therefore further reducing the debt of the Township. This practice affords the Township to maintain its AA+ bond rating. The budget includes monies allocated for the Capital Improvement Fund of \$570,000, an increase of \$80,000, which will help to fund Capital Ordinances.

The Township saw an increase in the total rateable value for 2018 of \$195 million, which increases the tax base over which the tax levy is distributed. "The increase in rateable value within the Township helps to hold, or reduce, the municipal property tax each year, by providing more dollars over which the tax levy can be dispersed," stated Chief Financial Officer Nancy Costa.

## Engineering

*Installing a Fence?  
Follow these  
Guidelines*

The Engineering Department has provided the following information pertaining to fence construction.

Standard 6 foot high fences do not require a permit on residential lots. Fences proposed on commercial/business properties do require approval/permits from the planning/zoning office.

Any fence proposed over 6 foot high does require a permit from the construction department.

Although residential properties do not require a permit if under 6 foot, the following rules should be followed:

1. Call for mark-out of utilities prior to any fence construction.
2. Fences can not be installed within any easement on the property. Easements can be for utilities, storm sewers, drainage swales, conservation areas etc. Property owners must check their private surveys, as the Township does not have surveys on file.
3. Fences can not be installed in the road right-of-way along the frontage of a property. The right-of-way is the area along the roadway where sidewalk and utilities are installed. This area is typically 10 to 15 feet from the edge of roadway.
4. Fences can not be installed in sight triangle easements at road intersections. Even if sight triangle easements are not listed on a survey, fences can not block sight visibility at road intersection.
5. It is recommended that property owners have their property lines located by a licensed surveyor so fences are properly installed and not encroach on adjoining properties.
6. It is recommended that fences be installed a few feet in from the property line so the fence owner can maintain the backside of the fence without having to enter your neighbors property.

## Public Works

### Senior Curbside Pickup Program Concludes

Senior curbside pick up has concluded after another successful season. This program is a valuable opportunity for our seniors to get rid of household items and brush during the month of April. Any seniors that may have missed out on the pickup program are encouraged to obtain a coupon to drop off their goods at the Auten Road Site on specified Saturdays through October 27th. This can be done by going on the Township website and click on the DPW link for information or residents can go directly to the Public Works building, located on East Mountain Rd., between the hours of 7am and 3pm Monday thru Friday.

### Ongoing Road Maintenance and Repairs

Public works is busy continuing maintenance duties of road repairs, roadside mowing, building repairs, sign repairs, hazardous tree issues and many other springtime tasks. We thank the residents for being patient as we work our way through the many road repairs needed from such a rough winter.

## Recreation

## Using Your Library to Learn Every Day is Good for Your Personal Health, and the Health of Your Small Business

According to a 2017 Harvard Business Review (HBR) article (This link opens in a new tab), lifelong learning is beneficial for "your health, your wallet, and your social life." But, finding the funds to support the lifelong learning of yourself and your employees can become difficult and costly for a small business owner.

Luckily, Somerset County business owners don't need to reach into their wallet for their credit cards ... all they need is their Library Card. SCLSNJ offers myriad programs, services, and opportunities that help business professionals learn, research, and network – for free – both in the Library and also in the comfort of their own home.

## Somerset County Library System Seeks Input on New Strategic Plan

SCLSNJ's planning process relies on gathering lots of community feedback, and an important way to gather that feedback is through a series of community conversations. They will be pulling together small groups to talk about their hopes and aspirations for their communities, SCLSNJ will be looking for the ways the Library can help make a difference in creating the kind of place in which our residents want to live.

In order to gather feedback, SCLSNJ will be holding community conversations to help them deepen their understanding of the community and are currently looking for 20-25 Hillsborough residents to take part.

If you are interested in participating in a community conversation, please fill out this [online form](#) to submit your contact information.

### Local Scout Organizes Walkathon to Raise Money to Fund Eagle Service Project to Benefit Mental Health Awareness and Spring Reins of Life

Aravind Krishnan, a Boy Scout in Troop 489, has decided to focus his Eagle Scout Service Project on mental health awareness.

Aravind will be working with Spring Reins of Life, a local organization that offers Equine Assisted

Psychotherapy (EAP) and Equine Assisted Learning (EAL) which incorporates the use of horses for therapeutic intervention toward promoting emotional growth and healing.

Aravind will be building a sheltered horse run to provide a place for SROl's four therapy horses to exercise, protected from the elements.

Before Aravind can begin to build the shelter, he needs to raise \$5000 for materials. To help with this endeavor, Aravind has organized a walkaton, set for June 16th at Ann Van Middlesworth Park to help raise funds.

Help support Aravind, his Eagle Scout Project, Spring Reins of Life and Mental Health Awareness.
