2019 Road Paving Schedule

"Hillsborough Township is moving forward with the 2019 road paving plan as stated late last year when the Township bonded \$8.5 M," announced Mayor Frank DelCore.

"Aging infrastructure further compromised by severe weather, freeze and thaw have taken their toll on our infrastructure and resulted in the issuance of bonds to fund this major paving initiative. The Township maintains a 5-year roadway plan, with 14 roadways, totaling over 20 miles, having already been repaved," added Mayor Frank DelCore.

The following roadways are slated for the 2019 paving program:

- Willow Road, Phase 1 (between Amwell Road and Valinor Drive)
- Euclid Avenue
- Riverside Drive (between River Road and Clawson Avenue)
- Clawson Avenue
- Wertsville Road (between Long Hill Road and Montgomery Road)
- Raider Boulevard (between Route 206 and Stryker Lane)
- South Triangle Road
- Cardinal Lane
- Wescott Road (between South Branch Road and Amwell Road)

Due to the extreme weather conditions experienced the past few weeks, many potholes are developing on roadways throughout the state. Our Public Works Department is working hard to address the potholes Hillsborough residents are reporting on our roads.

As a reminder, please direct your reports to our Public Works Department so they can assure the pothole concern is addressed.

Finance Department

Tax Assessment Cards have been mailed. If you need additional information about taxes paid or would like a recap of the property taxes paid in 2018, please contact the Finance/Tax Collector's Office and they will be happy to mail or email you the information.

Health Department

The Health Department reminds us that March is Colorectal Cancer Awareness Month. Colorectal Cancer is cancer of the large intestine (colon) and rectum. It is the second most deadly cancer of men and women behind lung cancer. Colorectal cancer can develop over time and with early detection can be cured. When abnormal growths called polyps are removed early enough, they will not develop into invasive cancer.

Although some people can get colorectal cancer at a younger age, a risk factor for this cancer is being over age 50. Therefore, the American Cancer Society recommends that all men and women age 50 and over get screened for colorectal cancer. Heredity can also put you at risk, so if someone in your family developed this cancer, you may be at a higher risk. Other predisposing risk factors can be found in the online links found in the Health Department website under "disease prevention".

For those on Medicaid or without medical insurance, the Zufall Health Center, a Federally Qualified Health Center, located at 71 4th Street in Somerville offers cancer screening tests for reduced cost or free. Their phone number is 908-526-2335.

OEM

Spring is the time when planting and excavating begins. It is important to remember that Call Before You Dig is the law. A center has been established to triage requests - they are open 7 days a week, 24 hours a day. The phone number to call is 811 or 1-800-272-1000.

The Public Works Department thanks all of the residents that moved their vehicles to their driveways and garages during the past snow event. This allows for more efficient plowing operations when everyone works together during the storm. If your mailbox was damaged during the snowstorm please call the Department of Public Works for information or visit the township website under the Public Works link.

Spring has sprung and our Recreation Department has a variety of programs available to our residents of all ages. Here's a small sampling of our exciting programs this spring. Does your child like to run? Are they in 3rd - 6th grade? If so have them join the Hillsborough Running Club. We will meet weekly on Thursdays to go over the fundamental mechanics of running. Maybe sports isn't your thing, we have a Coding for Kids program for grades 3 - 8. Children will learn about the importance of Coding in our modern world during this 8 week course. Participants In This Workshop Will Learn:
Appropriate special education rests on the foundation of a properly drafted Individualized Education Program (IEP). Unfortunately, not enough attention is paid to the development of IEPs, and as a result services are often delivered in an inconsistent and haphazard manner. This workshop will focus on documenting the services and supports a student is entitled to, along with the proper drafting of goals and objectives. Common pitfalls to be avoided and collaborative advocacy tips will also be discussed. Attendees should walk away feeling prepared to advocate for their child and secure an ironclad IEP. This 90-minute presentation includes a Q&A at the end.
