Hillsborough Municipal Services are open to serve both our residents and business community, despite the Municipal Building being closed. Hillsborough Township employees have conducted business continuity training exercises for many years for emergencies such as this, which allow Municipal Offices to be fully operational during COVID-19. The Township Departments will continue to deliver services through new and innovative ways, while keeping social distancing, health and safety first and foremost. We appreciate everyone's patience and understanding through these ever changing times. Below are photos of Hillsborough Township Departments delivering the services that you have come to expect from Hillsborough Township, along with a brief listing of some of the available services. Additional information and services will be included in future bulletins. [See full list of services](#)

[Reminder: Call Before You Dig!](#)

Federally mandated, national phone number, 811, helps prevent you from unintentionally hitting underground utility lines. Before you begin projects that involve digging, call 811 to locate underground electric, gas or other utility lines. For more information, visit www.call811.com

The federally mandated, national phone number, 811, helps prevent you from unintentionally hitting underground utility lines. Before you begin projects that involve digging, dial 811 to locate underground electric, gas or other utility lines. Digging without this information can cause power outages, and it's extremely dangerous. Simply tell the 811 operator where you're planning to dig and what type of work you will be doing, and your local utility companies will be notified. Within a few days, they will mark the location of underground lines. Please call at least three days in advance to avoid unnecessary delays to your project. Know what's below - Call before you dig! For more information, visit www.call811.com.
