Breakdown of Hillsborough Township Cases As Reported by Hillsborough Township Health Department

Revised Disclaimer :

Please be advised that the numbers posted below and on the Township website are those that are reported by Hillsborough Township Health Department based on reports from the NJ Department of Health surveillance system. The reported numbers are only from those individuals who have been tested for COVID-19 and are confirmed positive through an FDA approved laboratory for COVID-19 testing purpose. It does not include those contacts of the positive individuals or any individuals, who are sick and have not been tested.

Age Range	# of Positive Cases
0-9	2
10-19	8
20-29	22
30-39	19
40-49	39
50-59	46
60-69	44
70-79	19
80-89	28
90-99	10
100+	1
Total Cases	238
Official Recovered	105
Deceased	21
Long Term Care / Assisted Living Facilities *	
Confirmed Cases	119
Confirmed Deceased	34

* Confirmed cases and confirmed deceased from Long Term Care and Assisted Living Facilities may not also be included in the total number of cases above.

The number of cases from the above section by age and deceased cannot be added to the Long Term Care and Assisted Living Facilities confirmed cases and confirmed deceased to get a total case count and a total deceased count. The reason for this is that there are different reporting mechanisms in place capturing that data. The NJ Department of Health surveillance system obtains reports from State run labs. The Long Term Care and Assisted Living Facilities utilize many different labs, State, out-of-state and private, therefore, their numbers are not completely reflected in the total Hillsborough numbers from the State system at this time. That withstanding, you cannot simply add the two sets of numbers either to get a total case count, as some of the LTC/ALF numbers are counted in the State system.

If you are a Hillsborough resident and have tested positive for Coronavirus / COVID-19, please contact the Health Department at 908-369-5652 .

The Hillsborough Township Health Department continues to monitor all cases and is working with the State to identify any potential contacts for follow-up. A representative from the Hillsborough Township Health Department will reach out to all individuals determined to have been in close contact with the positive testing persons within 24-48 hours of each case being confirmed.
